Summary

(Provide in detail report of session progress)

The FDP started with a a brief introduction to speakers and an insight to workshop by Prof. Sampada H K, Contd. By Principal Dr. K V Narayanaswamy who spoke about the importance of IQAC in the quality systems. Next the session 1 was done by Prof. Vasanthi Satyananda who spoke about the CIE importance assessment and evaluation and also CO attainment. Session 2 was quiz conducted and finally session 3 was done by Mastersoft solutions team members who spoke about the various enterprise, resource and planning.

The session was attended by Atria I T faculty and faculty from all over India. There were around 130 participants. The FDP ended with a Q&A session followed by a feedback session.

Session 1: The Key Indicator looks at issues related to assessment of teaching, learning and evaluative processes and reforms, to increase the efficiency and effectiveness of the system. One of the purposes of evaluation is to provide development-inducing feedback. The qualitative dimension

of evaluation is in its use for enhancing the competence of students. Innovative evaluation process is to gauge the knowledge and skills acquired at various levels of the programmes. These specifications are stated as PSOs and COs. The quality of assessment process in a HEI depends on how well the examination system actually tests the PSOs and COs, quality of questions, extent of transparency in the system, extent of development inducing feedback system, regularity in the conduct of examinations and declaration of results as well as the regulatory mechanisms for prompt action on possible errors.

Session 2 : Quiz on CIE evaluation and Assessment

Session 3: Cloud ERP Implementation enables educational institutions to optimize resources & achieve high productivity by delivering complete campus automation. Facilitates services such as Data Access, Storage, Security & Accessibility, Integration, improved communication for upgrading the operational efficiency of institutions without massive investment.

- Easy-to-implement & highly affordable solution that doesn't require any hardware & infrastructure for its implementation.
- Stores the data in a centralized location for providing ease of access to end-users.
- Enables role-based access & offers auto-triggered, auto- backup of institutional data ensuring 360-degree data security.
- Crucial institutional information can be accessed at any time from any location merely with an active internet connection.
- Follows the parameters of GI cloud - Meghraj Policy set by Government of India ensuring Data Security & Compliance.

Session 4: Q & A from participants followed by feedback from participants
