

## “Robotic Process Automation is Voldemort : The terrifying force nobody is willing to name”

The poster features the Atria Institute of Technology logo at the top left. The main title is in large yellow letters. Below the title, the date '23 APRIL, 2020 THURSDAY' is displayed in white. To the right, the session details are listed: 'Session: Online' and 'Time: 10:30 to 11:30am'. A section titled 'Prerequisites' lists two items: 'Basic understanding of programming concepts' and 'Good logical reasoning ability'. Below this, the speaker is identified as 'Prof. Pallavi N'. At the bottom right, registration information is provided: 'For registration, give a missed call to +91 9666247700'. A circular portrait of Prof. Pallavi N is on the left side of the poster.

### ROBOTIC PROCESS AUTOMATION IS VOLDEMORT: THE TERRIFYING FORCE NOBODY IS WILLING TO NAME

**23**  
APRIL, 2020  
THURSDAY

Session: Online  
Time: 10:30 to 11:30am

**Prerequisites**

- . Basic understanding of programming concepts
- . Good logical reasoning ability

► **Prof. Pallavi N**

For registration, give a missed call to  
**+91 9666247700**

Anyone who has read or seen Harry Potter would know Lord Voldemort. The dark wizard whom the world of magic brands as ‘he who must not be named’. There’s a force like that in our world as well, a force that can automate a lot of jobs which would otherwise require a lot of manpower. Take a deep dive into this force as Prof. Pallavi enlightens us on Robotic Process Automation and how it would streamline enterprise operations and reduce costs while freeing corporate workers to focus on the higher value requirements.

The webinar covered points regarding:

1. What is RPA?
2. How does RPA work?
3. Which are the companies developing RPA?
4. Why should we upskill in RPA?
5. What are the different job roles in RPA?
6. Career in RPA?
7. How to get certified in RPA
