Agenda: Decide on the cultural calendar for the year 2020-2021

The members met and deliberated on the scope of conduction of cultural activities during the year in the covid scenario. It was felt that since the students were not physically present it will be difficult to hold any events on campus.

However, the faculty expressed that few students had felt the need to participate in some events that could be conducted online as they did not get the opportunity to participate in Sapthrang 2020 due to the cancellation of Sapthrang 2020 on account of the pandemic.

The members deliberated that given the uncertainty of the pandemic situation, the current year will conduct cultural and cocurricular events through online mode in the given odd semester and based on the situation in the even semester around the month of May, the cultural committee may propose holding Sapthrang 2021.

It was decided that the cultural committee float the names of few events in the form of a google sheet and share that with the various HODs with a request to volunteer the conduction of those activities from their department. Hence the names of the faculty coordinator were collected with their phone numbers and mail ids.

The meeting ended with Principal asking the cultural committee to propose the budget for conduction of these activities.
