

The department of Electronics and Communication Engineering at Atria Institute of Technology is conducting the “Student Development Program (SDP) on “Introduction to MATLAB & SciLab (Signals and Systems)” from June 14th, 2021. This SDP will focus on the Signal Processing Cluster activity and help fill the gaps for the course Signals and Systems.

Department of Electronics & Communication Engineering

Presents

Online Student Development Programme

on

Introduction to MATLAB & SciLab

(Signals and Systems)

**Highlights**

- Introduction and basic operation using MATLAB/SciLab.
- Signal representation and signal operation in MATLAB/SciLab
- System operation and response analysis using MATLAB/SciLab

**2 hours weekly every Saturday**

Prof. Pavithra K S  
Assistant Prof. ECE

Dr. Arun Balodi  
Associate Professor  
Head, Dept. of ECE, AIT

Dr. Manoj Tolani  
Assistant Prof. ECE
